Jan 2018 – Present | Executive Manager

Alsaif For Safety company, Saudi Arabia, Riyadh
Specialized in MEP

- Accomplished and creative executive possessing multifaceted experience and a proven ability to revitalize organizations, initiate company-wide campaigns, and capture untapped opportunities for growth. Results-oriented, decisive leader; adept at forging lucrative relationships with key partners, vendors, and clients.
- Drive year-over-year business growth while leading operations, strategic vision, and long-range planning with full responsibility for bottom-line factors, global product development, and partner relationships. Provide cross-functional management with a bottom-line focus on profitability, visibility, and sustainability.

Signature Achievements: -

Led the charge to overhaul a struggling company's operations, achieving sustained growth for 4 straight years.

Designed a modern employee recognition program which boosted productivity across the board.

Captured win-win contracts with major financial partners, leading to 72% revenue growth in 3 years.

Substantially improved productivity while reducing staffing and operational costs by 28%.

Spearheaded overhaul of company best practices, leading to significantly increased staff retention rates and top rank in the company position in Saudi Arabia market.

Personally led weekly meetings with executive leadership to identify opportunities for improvement, establish milestones, and tailor products to individual markets.

Achieved a total sum of being \$55 million under budget in 4 years.

May 2012 – Jan 2018 | Projects Manager

Toreen company, Saudi Arabia, Arar

Specialized in MEP systems

- Organized and facilitated the complete construction process for all managed developments, from planning through to delivery.
- Executed all pre-construction, construction, quality control, and post construction responsibilities.
- Developed construction budget and ensured adherence to financial plans.
- Ensured conformity to building plans and design layouts while maintaining safe and productive construction sites.

Key Achievements: -

- Supervised the completion of 15 large commercial projects.
-

June 2011 – May 2012 | Project Engineer

Advanced Elements company, Saudi Arabia, Riyadh

Specialized in Fire protection and low current systems

- Coordinated 16 projects with budgets in excess of \$7 million.
- Collaborated with teams of contractors to complete projects within deadlines and 5% under budget on average.
- Prepared 50+ project estimates that facilitated winning \$20 million in new construction contracts.
- Managed weekly and monthly CPM schedule updates that helped cut 5% of budgeted time on average from 10+ project assignments.
- Prepared weekly & monthly reports for project managers.
- Built relationships with 50+ clients that contributed materially to over \$5M in repeat business.
