### CORE SKILLS AND COMPETENCIES

- |                         |                         |                          |
|-------------------------|-------------------------|--------------------------|
| • Technical Engineering | • Engineering Designing | • Project Management     |
| • Organizational Skills | • Team Building         | • Decision Making        |
| • Procurement           | • Provera               | • AutoCAD                |
| • Microsoft Project     | • Public Speaking       | • MATLAB Software        |
| • Problem-Solving       | • Communication         | • MS Office Applications |

### PROJECTS

- Conducted in South Ghawar and Jafurah Field Development Projects.
- Designed a Large Generation Solar Interconnection – Avista Utilities.
- Designed Experiment to Test the Performance of a Synchronous Motor- Senior Design Project.

### CERTIFICATIONS

- Portfolio, Programme and Project Offices (P3O®), certified by Axelos.
- Project Management Professional (PMP), certified by Project Management Institute (PMI).
- Risk Management Professional (RMP), certified by Project Management Institute (PMI).

### LANGUAGES SPOKEN:

- Arabic (Native).
- English (Fluent).
