Media and communication

As a motivated and hardworking individual in the field of media and communication, I am actively seeking a position that can allow me to leverage my skills and knowledge while also providing me with valuable experience. I am eager to explore various career options within the business sector and am committed to delivering exceptional results in any role I undertake.

Experience

2018- 2023Social Media

Content Creator

Content creator for games for the past 5 years on social media platforms. My total social media audience exceeds 150,000 followers. I am passionate about creating, writing, and executing content, as well as interested in audio and live streaming broadcasts.

2022- 2023

Ministry of Finance

Internal communication

During my cooperative training at the Ministry of Finance, I gained valuable knowledge in the fields of change management and internal communication management. Additionally, I had the opportunity to put this knowledge into practice by organizing and planning various annual events such as the National Day celebration, Braille Language Day for the blind, Arabic Calligraphy Day, recycling old devices day,

Moreover, I developed my personal skills by working on a campaign with the organization's health program.

to measure employee satisfaction with the Ministry. This campaign was successfully implemented, analyzed, and led to the resolution of some of its issues. Overall, these experiences allowed me to enhance my skills and contribute to the success of the Ministry's initiatives.
