Senior Project | Our project (Digital card) is a step toward the future and very helpful for all colleges. Our project has so many purposes and advantages such as:

• Attendance check: the digital card allows users to check in /out to the campus and makes attendance less time-consuming and hassle-free.

• Emergency Tracking: in an emergency, a digital card can be used to quickly make sure all students are present and identify who is missing.

• Send Notifications: send notifications to your users' mobile devices about college or office closings and special events.

• Colleges: It provides a digital card (barcode) for a student's permit to other colleges.
• Residence.

SKILLS

- Creativity
- Effective Communication

- Coding & Programming (RAZA, Python, YAML, C#, JAVA, PHP, HTML)
